

HIGH SCHOOL STUDENTS
FOR HARM REDUCTION

High School Students for Harm Reduction

Who we are:

- Dylan Herring (Lowell High School, San Francisco)
- Ben Luftig (Tamales High School, Marin)

Opioid Crisis

- **711** SF deaths from drug overdose in 2020, **61%** increase from 2019 to 2020
- **94%** national increase in teen overdose mortality from 2019 to 2020

Naloxone: Safe and Effective Overdose Reversal

Why High School Students?

- Teens are also affected
- Active members of the community
- Train for civic responsibility

Distribution

- CA Naloxone Distribution Project
- Site Implementation
- Training

Barriers to Implementation

- Parent Support
- Legal concerns
- Lack of awareness

NPHL Harm Reduction Legal Project

- Corey Davis, MD editor
- [Fact sheet](#) created for the legality of dispensing naloxone to minors specially created for California

Our Proposal

- Naloxone available in all SF high school health clinics
- Naloxone overdose reversal incorporated into health curriculum
